

# JobFiller™

## Programmatic Ad Package

JobFiller is an automated solution that reads your job openings and uses 15+ years of Big Data to efficiently sponsor your jobs on the most relevant top performing job sites

### What JobSites Are Included?

...and Thousands More!

## How Does It Work?

### We Build the Spider & Launch

This takes us 2-5 days so while your "free" campaign is starting we are building

### Each Job is on 35+ Job Boards

The best boards are determined for each initial posting

### We Deliver Analytics to Optimize

We monitor daily and using the software, optimize your spend to get the most for your money

**This means you pay less and get more applicants!**
